

On February 15, 2017 in Kyiv the employees of AMIRANDA Ltd. visited the V annual seminar «GMP + International» "[Feed Safety Principles & Opportunities for Ukrainian feed companies to access international markets](#)" within the frame of the exhibition AGRO ANIMAL SHOW. The discovered seminar topics were: current feed safety requirements and opportunities to access international markets, benefits of working with registered GMP + consultant, etc. See more details on the workshop topics on the website of GMP+ International <https://www.gmpplus.org/pagina/2181/seminars.aspx>
